DOMINATOR
D26
ILUMEN

PREVIEW

Dream of light

Designer Alberto Mancini about the new Ilumen: "when I started sketching the Dominator 26 M Ilumen, I had two concepts in my mind: LIGHT and SPACE. My idea was to bring the space and the feeling of a mega yacht into a 26 metre raised Pilot House."

New concept, new design, new solutions:
blurring the lines between interior and exterior spaces.

Application of cutting-edge technologies: experience the new high performance
hull and the revolutionary eco-propulsion system. Switch seamlessly from a
silent, highly efficient cruise to a highly engaging sport mode.

Experience the elements

Merge your owner's cabin with your own terrace by opening two sliding glass doors. Be one step away from taking in the sea air and marvelling at the horizon in front of you from your private bow terrace.

Effortless privacy

One step from the sea

Desire an exclusive beach area directly on the sea?
Ready to launch your adventure with the tender in the stern garage?

Luxurious hospitality

Invite your guests to an amazing 55 square metre fly deck protected by a sleek carbon fibre hard top. Surprise your beloved ones with the comfortable bar station including grill, fridges and ice makers before you immerse yourself in your personal jacuzzi integrated between the aft sun pad and the dining table.

Four selectable modes

- **eDrive**
Pure electric mode
 V_{eDrive} 6 kn
- **EcoPro**
Electric mode
Marine engine engages on demand
Optimised for range
 $V_{\text{cruise low}}$ 14 kn - 16 kn
- **Comfort**
Electric mode
Diesel engine engages on demand
Optimised for power
 $V_{\text{cruise high}}$ 22 kn - 24 kn
- **Sport**
Both electric mode and Diesel engine are in use
Batteries are constantly being charged
 $V_{\text{cruise max}}$ 29 kn

A new dawn in technology

The High Performance Hull (HPH) made of carbon fibre composite provides a weight reduction of 25% compared to standard hulls. It has a tensile strength 8 times higher than steel and not least, outstanding manoeuvrability and wave reduction through the innovative design.

Main saloon

Floor-to-ceiling windows and glazed side passages offer you limitless sea views. Enjoy an unrivalled scope for individualisation, setting you - as a Dominator owner - apart from standardised products. This is your personal declaration of independence!

Owner's suite

Dominate the sea in your full beam owner's suite of 30 square metres located forward on the main deck. Access your private bow terrace directly and enjoy the stunning panoramic view of up to 270 degrees.

The horizon is not enough, enjoy the full blue sky. A retractable hard top can be opened directly above the owner's king sized bed. At night, sleep under the stars to the sound of the sea. Never before will you have experienced the elements quite like this.

A smoked grey mirror separates the cabin from the bathroom and shower keeping privacy and increasing the perception of space.

Technical Specifications

DOMINATOR D26 ILUMEN

HPH (high performance hull)

- Length overall 26,5 m (registered length: 23,99 m)
- Maximum beam 6,72 m
- Draft 1,52 m
- Displacement approx. 69 tons (unloaded)
- Fuel tank capacity 9,000 L + 3,000 L Long Range
- Fresh water tank capacity 1,900 L
- Engines 2 x MAN, MTU or CAT from 1200 HP to 2400 HP
- Generator 2 x Genset 25 kw /50Hz
- V_{max} 29 kn (semi-planing)
- $V_{cruise\ high}$ 22 kn - 24 kn
- $V_{cruise\ low}$ 14,5 kn (displacement)

DOMINATOR

The Shipyard where luxury takes shape

Dominator is not just shape, beauty and luxury but also, and indeed most importantly, substance. We are skilled in responding to the needs of our clients, who consider yachting one of life's pleasures, rather than a fashion trend.

Founded in 1999, the shipyard is based in Fano (Italy) and offers a range of top quality motoryachts. Our exclusive models stand out for their high production quality, reliability and sailing comfort.

Each model is designed and produced through the close working relationship between a team of international top-designers and the shipyard's technical office which covers all the engineering features of the yacht development and building process.

The Dominator philosophy is to design and build custom-made yachts. Owners can make their yachts unique, in keeping with their way of understanding and experiencing the sea. This is possible by means of special technical and furnishing solutions, and the use of valuable materials and top quality finishes, enabling the shipyard to satisfy an extensive range of different expectations and demands.

Typically Italian styling and design are combined with Dominator's custom-made spirit and the soundness and reliability of the yachts: an incomparable match.

Today, the Dominator fleet comprises the yachts D640, D690, D720, D800, D880, D26M Ilumen and the ships D29M and D40M.
